

Service Categories

Service categories provide the Legislature and Governor with fiscal data organized into service and population categories. These service categories cross agency. The Legislative Budget Board and Governor’s Office of Budget, Planning, and Policy developed the following 38 service and 5 population categories.

Category Code	Service Title	Service Definition
01	Legal Process	Agency strategies that fulfill constitutional and statutory obligations to provide adjudication (Judiciary), administrative hearings, or legal counseling functions (agency legal services).
02	Governance	Agency strategies involved in broad policy-making or which play a supporting role for policy-making.
03	Revenue Production and Collection	Agency strategies whose sole purpose is to generate net income or collect taxes and fees for the state. Net income is defined as revenue in excess of operating costs.
04	Cultural Resource Services	Agency strategies that enhance and preserve the cultural legacy of Texas through promotion of the arts, historic preservation, or public libraries.
05	State Government Support	Agency strategies that provide goods, services, and financial management to ensure that state government functions properly.
06	Employee Benefits Services	Agency strategies that provide employee benefit services to state employees and retirees.
07	Local Government Support	Agency strategies that provide the goods and services that local governments need to serve the public.
08	Eligibility Determination	Agency strategies affecting service delivery determining eligibility.
